

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is wrong, wrong, wrong. Sinclair is obligated by law to serve the public interest. But when large companies control the airwaves, we get more of what's good for the bottom line and less of what we need for our democracy. It's more important - more American - that we see real people from our own communities and more substantive news about issues that matter without a bias being brought to bear on them.

It is my opinion that Sinclair should be investigated. Their action in ordering their stations to show an anti-Kerry program is not what I think you want for the citizens of this country. Because they are big does not mean they are good. Please stop their action and give us a chance at a cleaner campaign. Thank you.

. Thank you.
